Thank You to Lillian Colvin for the picture!

We are sorry for the poor positioning of the upper and right pictures. The problem developed due to the 'high speed of the parade', the 'bunching-up' of the tractors" and mostly the "physical restraints" of the cameraman! The upper picture of husband & wife Brian & Melanie Kardos, taken from a forward angle, would have been a very interesting picture and Steve Skewes deserves more than a rear-side view!
