*Founded on October 15th, 1979 by: Arthur Goble, Fred W. Westbrook, John Snook, Roy Bischoff & Lewis Quince*

## ***HISTORICAL SOCIETY OF STILLWATER TOWNSHIP***

This years **Fall Festival** will be on **Saturday October 10th!**

We would like to have some antique tractors on display to show the folks what it was like in years' past. The staging area will be in the parking lot just past the elementary school on Stillwater Road. We would like to have tractors arrive around 11:30 and stay as long as possible.

The event ends at 4:30, but the tractors can leave earlier if desired.

**If you can show your tractor, please call Skip Hemschot at 973/300-1192.**

## **We are still looking for someone to step up...and become an officer.**

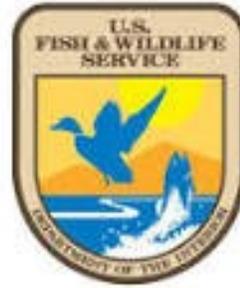

Please take a few moments and think about the club and what its meant to you in the past and perhaps it is time to give something back. Any questions or thoughts should be directed to: Dave Betts (973) 303-1994 or Chuck Klim (973) 948-0693 or any of the current board members, whose phone numbers are above.

*Our next meeting will be at 7 PM on October 8th at the SHED...we have hotdogs and hamburgers left over from our end of summer "pot-luck picnic" and these will be served at the meeting!*

## Showing our Machines at the *Walkill Anniversary Celebration!*

It was a crisp autumn morning as we lined up, at the Fairgrounds, at the request of the **Walkill River National Refuge**. They are located at 136 Owens Station Road, Sussex, NJ. This was a Saturday morning, October 26, 2015. Members participating were president, Blace Flatt. He brought his 1948 Ford 8N tractor; Chuck Klim (event coordinator) brought his 1959 Oliver 540; John Stickle brought his 1952 Ford 8N; Dave Betts brought his 1965 replica Ford Cobra 427SC; Bob Eckes brought his 1945 John Deere H (oldest tractor there); Milt Jager brought his 1955 Allis Chalmers WD45. Tom Tunstead and Jeff Brooks (secretary of the club) took part of the event too. We were greeted by Ranger Mike, parked in the big field behind the barn and unloaded the tractors from their respective trailers. There's always one in the crowd and Bob was our "somewhat problem child" this time. Bob's John Deere is an older model with no battery starter. Everyone else just turned the key and off they go. Bob has to physically turn a heavy flywheel to start his machine. Turning he was, but she just wouldn't pop. He reached for the tow strap, to pull start it, but decided to talk nicely to the "H" and try once more. It gave a pop, pop and willingly started. We parked in formation at the front of the barn.

It was a well-attended anniversary celebration. The parking lots were filled and they started parking guest wherever they could squeeze another vehicle in. There were many exhibitors. The bird watching club was there. I got to look through one of their high powered spotting scopes, kids were nailing pre sawn birdhouses together, Rutgers Master Gardeners had a booth with plant identification and educational supplies, there was a bee keeper with a sample hive for viewing, apples were being crushed for cider, wildlife rescue persons had a female Bluebird and a baby Chimney Swallow to show, and my favorite was seeing a full size Red Tail Hawk on this man's arm (gloves of course). I mean this bird was 5 feet from you and you could really see how amazing this animal is. And now I'll tell you about the food. Boy - did they ever feed us! They had coffee and bagels/donuts when we arrived. For lunch – they had a complete pig roast with all the trimmings. Fresh pork, shredded barbeque, grilled chicken, salads, rolls and drinks. You name it, they had it there for you. Thank you to all of their team. They were great hosts to us all.

I encourage other members to make the effort and join in with these club outings. There's lots of helping hands to assist. You never know how exciting these can be until you try. Another best part of the day is sitting around and sharing stories and opinions with the guys. It gets very interesting, and always respectful. These are a good bunch of guys to hang with.

Dave Betts, cub reporter

# MARKETPLACE

For Sale: Wheel Horse Lawn Tractor...needs motor work , no attachments,  
\$200.00 or BEST OFFER...Call Danny H. 862/266-7362
